A PROJECT BY

THE DEVELOPMENT

Five homes. One quiet street.

A five-house gated community off Dagoretti Road, each home on an eighth of an acre with its own garden and parking for two. The Southern Bypass and the upgraded Dagoretti Road put Westlands and the CBD within a manageable commute — access that already exists rather than roads that are promised.

PLOT

Freehold

TITLE, IN YOUR
NAME

What's included

- Open-plan living and dining
- Master bedroom with walk-in closet
- DSQ with its own bathroom
- Fitted kitchen with pantry
- Family TV room upstairs
- Covered terrace and private garden

**Freehold title.
Your own
garden.**

Not leasehold, not a share certificate — a clean freehold title deed for each home, verified before you pay and transferred to you on completion. And unlike an apartment, every home comes with its own private garden, not a shared strip of lawn. The deed, the approved plans and a sample sale agreement are all open for your lawyer to inspect first.
